## WIC Harman Tech Talk

**When:** Tuesday, November 19th @ 6PM

**Where:** Engineering Building, Rm. 1220

**Details:** Please join us for a tech talk by  
Harman!

The topic of their presentation will be  
"Applications of Affective Computing and  
Biosensors," which will involve discussions on  
the following questions:

How can affective computing and biological data  
work together to recognize/predict user state,  
behavior, and performance?

What applications exist within the automotive  
industry?

What applications exist outside of the  
automotive industry?

**Please RSVP [here!](#)**

## No Meeting Thanksgiving Week

There will not be a WIC meeting on Tuesday,  
November 26th, 2019. Have a nice break!

## **Other MSU CSE Opportunities**

### **AI Residency 2020 Program**

The AI Residency Program is a 12 month research program (extendable up to 18 months) designed to jumpstart a resident's career in machine learning. To be more specific, the goal of the residency is to help residents become productive and successful AI researchers.

As part of this program, Residents collaborate with distinguished scientists from various [Google AI](#) teams working on machine learning applications and problems. Residents have the opportunity to do everything from conducting fundamental research to contributing to products and services used by billions of people. [Take a look](#) at the impactful research done by earlier cohorts.

Looking for people who are passionate about

machine learning and want to learn to conduct machine learning research!

It is recommended to apply early! The application is open from **October 21, 2019 - December 19, 2019**.

**Graduating seniors and Masters/PhD students can apply [here](#) or go to [this link](#) so you can sign up and get notified with information** about the program for this season and in the future!

Contact **Nina Ong** ([ninaong@google.com](mailto:ninaong@google.com)) with any questions.

## **MSU Programming Club**

A new student group on campus is looking for students who want to join! Partnering with Girls Who Code Loops, this is a club centered around creating an inclusive and judgement-free environment for underrepresented groups in tech to learn and practice technical computer skills. Members will have the opportunity to practice a new coding language, work on a personal project, prep for technical interviews, and much more!

This club is open to all majors and skill levels. Our first meeting will be held in January of Spring 2020.

**To sign up as a member or for a leadership role, please fill out this [form](#)!**
