Stay Safe!

Hope your summer break is going well!

Grace Hopper Conference Application is Open!

It's that time of year again – time for the Grace Hopper Celebration for Women in Computing!

The conference (also referred to as GHC) is an event that highlights the contributions of women to the tech world, and brings research and career interests of women in computing to the forefront.

GHC offers various speaker sessions and keynotes, where you can hear from experts and industry leaders who are paving the way for women in tech. The conference also holds a large career fair where you can network and interview with companies from all over.

GHC is the world's largest gathering of women in technology, and Women in Computing is fortunate enough every year to be able to sponsor members to attend! Due to restrictions in place from the pandemic, the conference will be virtual again this year, held from September 27 – October 1 of 2021.

If you are interested in attending the conference with WIC, you will need to fill out the application linked [here](#) by June 27th to be considered for sponsorship. Please be aware of the requirements as a potential

WIC-sponsored attendee. We hope to see you apply!
(You can direct any questions regarding GHC to
Sophie - mart2035@msu.edu or
Sam - sebesty1@msu.edu)
