SpartaHack Hackathon

April 8th - 10th in Wells Hall

SpartaHack brings together hundreds of students from universities and high schools around the world for 36 hours of coding, creating, and networking each year. Students work in teams of 1-4 to create technical solutions to challenges posed by our company sponsors.

SpartaHack is completely free and all-inclusive for every student who registers to attend.

Our registration just opened up and we are so excited to host students at Wells Hall during the weekend of April 8-10th, 2022. If you're interested you can register for the event [here](#).

Google Tech Talk: Life of a SWE

Thursday April 14, 6-7PM virtual

What is it like to be a software engineer at Google? Join us as Googlers share day-in-the-life stories about their work and provide an inside look on what makes engineering at Google unique.

College to CEO: Executive Speaker Series with Andrew Farah

Monday April 4th, 7-8 PM

<https://msu.joinhandshake.com/stu/events/1016023?ref=events-search>

Andrew Farah was named to the position of Executive

Director for Autonomous Driving and Active Safety (ADAS) Software at General Motors in December 2021. In this role, he is leading the development and execution of ADAS Software for active safety features, Super Cruise, Ultra Cruise and future higher levels of autonomy for retail markets.

Join the event and catch Andrew talk about his journey of becoming a successful leader from being a college student, just like us. What did he do right? What were some of his biggest mistakes? What can we do to avoid making these mistakes and succeed in our respective career goals? Get an insight into his experiences that groomed the leader in him.
