Master's In Business Data Science & Analytics At MSU

With the Master of Science in Business Data Science and Analytics (formerly MS-Business Analytics) from Michigan State University, you can become an integral part of this emerging transformation and leading new industry. This 1 year program can be integrated with a major in CS to complete both degrees in 4 ½ years.

Click here for more information.

Contact Gabby KB for any questions.

FlyMoney Games LLC.

FlyMoney has partnered with NFL wide-receiver Donovan Peoples-Jones to create a cool new video game for iOS and Android. We are looking for a part-time 2D Animator to illustrate the game. This will be a paid part-time position and your work will be enjoyed by at least 50 thousand players!

Contact maxvwalbert@gmail.com if interested!

Splunk Job Opportunities

Splunk is the world's first Data-to-Everything Platform

designed to remove the barriers between data and action, so that everyone thrives in the Data Age. We're empowering IT, DevOps and security teams to transform their organizations with data from any source and on any timescale.

With more than 6,000 employees in 27 offices worldwide, we're building a future where data provides clarity, elevates discussion and accelerates progress for innovators in IT, security, DevOps and more.

Go here for more info about their University Recruiting. And here for all their available careers.

Quantum Computing Summer School

The Quantum Computing summer school is for early college students. It's held from July 12 to August 6, 2021. Go here to register and find more information.

Scholarships are available for the summer school as well! Applications are due by April 15th. Scholarship applications are reviewed on a rolling basis, so students are encouraged to apply early!

A flier is attached with more information.

BP Early Careers Program

BP STEP Leadership Program

- If you're looking to develop your networking and leadership skills, while learning to apply your technical capabilities to real world scenarios, the bp STEP program is for you. This three-week virtual series will touch on topics ranging from public speaking, leadership qualities, careers in the energy industry and much more.

Trading & Shipping - Sophomore Experience

- Discover more about the world of commodity trading at BP. Network with the trading team, and gain insightful training experience through trading simulations, case studies and presentations.

- Application deadline is April 16, 2021.

Apply Here bp.com/us-studentopps.

Target: Women in Technology Symposium

Target is looking for passionate software engineers to be a part of our Women in Technology Symposium. This three-day event is focused on inclusion, empowerment and professional development for aspiring software engineers. Attend to meet and learn from Target's passionate software engineers. Event highlights include:

- Job shadows with Target engineers
- Tech talks led by Target technology leaders
- Professional development activities and workshops

Application deadline April 17. Apply here!

Last Mile Education Fund

The Last Mile Education Fund offers a disruptive approach to increasing diversity in tech and engineering fields by addressing critical gaps in financial support for low-income underrepresented students within four semesters of graduation.
