"Each person must live their life as a model for others."

–Rosa Parks

Happy Halloween!

Crowe Horwarth Tech Talk!

When: November 3rd @ 6:00pm

Where: Zoom!

Details: Come join us for a tech talk from Crowe Horwarth. They will be speaking on the topic of Dependency Injection. Dependency Injection is a software design concept that allows a software application to operate more efficiently by creating dependent objects to work independently from one another. In this presentation they will dive into what is Dependency Injection, how it is achieved, and what are the advantages and disadvantages of Dependency Injection.

Facebook RSVP here!
